NARRATIVE
 This survey was performed at the request of Cal Carman for the purpose of setting monuments at the corners of the parcels shown on this plot. A search was made for monuments marking the lot corners on Old Farm Road Subdivision, as well as the controlling Public Land Survey System corners. The results are noted on the plot. The record bearings from the original subdivision plot were rotated to fit the G.P.S. control network established by the County Surveyor's office for Duchesne City. The monuments found were used to control the survey.
