NARRATIVE

This survey was performed in order to set several of the Lot Corners in the Lewis Subdivision and to prepare a description for part of an abandoned city street to be conveyed to an adjoining property owner. The subdivision was originally platted using the East-West Roosevelt City Grid line (as defined by the line from the Northwest Corner of Section 22 to the North Quarter Corner of Section 22) as the control for the East-West lines in the subdivision. The North-South lines were then platted perpendicular to this grid line. The corners along the section lines were found and used as shown on the plat to control this survey.

SURVEYOR'S CERTIFICATE

This is to certify that I have surveyed the parcel of land shown on this plat, and that the monuments indicated were found or set during said survey, and that this plat accurately represents said survey to the best of my knowledge.
