 Duchesne County, Utah

SURVEYOR'S NARRATIVE

We were asked by Darwin Kulland to Survey the Subject Parcel. The Purpose of the Survey is to Locate the Property Corners.

As Control for the Survey we used the Section Corners as Shown and Described on this Plat. Also, we used Utah State Department of Transportation Highway 40 R/W Plots. Also, we used a Property Survey Plat of Property 1/4 mile North of this Survey. That Plat was prepared by Allred & Associates.

The Original Survey of this section was done using the 3 mile Method. Therefore, we used this Method in Reestablishing Section Corners as Prescribed by the Bureau of Land Management.

Basis of Bearings for this Survey is a Global Positioning Satellite Observation.

ORIGINAL DESCRIPTION
