NARRATIVE

This survey was performed at the request of Brent Barger in order to establish the location of the boundary of Lots 18, 19, & 33 of Great Basin Estates #1. The section corners and quarter corners used by this Subdivision were tied in and used as shown. The North line of lot 33 was located by finding both the northeast and the northwest corners of the lot. The east lines of lots 33 and 18 were located by the finding of the original corners along said east lines. The west line of lot 33 and 19 was located by the finding of the northwest corner of lot 33 and the southwest corner of lot 19 as there was no evidence of the original corner at the northwest corner of lot 19. The South lines of lots 18 and 19 were located by finding the southeast corner of lot 18 and the northeast corner of lot 19 which is coincidental to that same line, and the southwest corner of lot 19. After finding and locating the corners of the lots described, lath were set along the perimeter lines along with spike nails and pk nails at selected positions for the use of the land owner as requested. All monuments found and used for this survey are shown hereon.
